Decontmination
Institute

Membership Certificate

I hereby certify that the Company

KINGO KARLSEN AS

with VAT DK 21 791 733 is part of the European Decontamination Institute, EDI.

The non-profit entity European Decontamination Institute, EDI, was founded in 2013 as a collective with the main objective of representing all companies and professionals that are linked to the decontamination sector, including the national associations, and through its International Committee also promotes interests of companies that operate in more than one country, both contractors and suppliers of the decontamination sector.

EDI is constituted in accordance with Article 22 CE, subject to the Organic Law 1/2002, March 22, regulating the right of association, applicable norms and other valid bylaws and Statutes.

EDI updated bylaws, filed with the register of the Ministry of Labour in the National Associations Register: group 1, section 1 and national number 601878.

The associated company, holder of the certificate is authorized to use the trademark of EDI, in its various forms, as an associate member of right.

This certificate is valid from its date of issuance until December 31, 2024.
